A LETTER FROM PETER BAGNALL

PROGRESS. It's what propels businesses like yours forward. The same is true for General Motors Fleet. Progress for us comes when advancements in our vehicles, technologies and services benefit you... our valued fleet customer. We want to help your business work as efficiently as possible because **YOUR SUCCESS IS OUR SUCCESS.**

Our goal is to provide value to you. That's why we find ourselves in a Solution Evolution. We are continuously looking for new solutions to address what you need most to keep your business moving forward.

At General Motors Fleet, we promise to provide a **Wide Range of Fleet Vehicles and Services** coupled with **Fleet Expertise and an Exceptional Customer Experience** to deliver **Innovative, Customer-Specific, Business Solutions.** We are committed to providing you with products that offer outstanding security, quality, reliability and value. Our services range from vehicle connectivity to maintenance programs that will help you keep your vehicles on the road. But what sets us apart is our team. When you let our fleet experts and customer service representatives go to work for you, we can provide business solutions that address your specific fleet challenges.

The bottom line is that we are a dedicated business partner who will stand beside you throughout your ownership experience. You are important to us and we want to earn your business! We want to help you make progress in the years ahead and we would love to be a part of your success!

Let us put our solutions to work for you!

Thank you,

Peter Bagnall
Director, General Motors Fleet

SAFETY SOLUTIONS

It's simple. Protecting your drivers is job one and for General Motors Fleet, we wouldn't have it any other way. That's why we work to bring safety solutions to our vehicles that can help your drivers prevent collisions, protect your drivers and passengers in the event of a collision and communicate immediately with those who may need help.

PREVENTION

Mitigating the potential for collisions not only helps your drivers to stay safe, it also helps keep your vehicles on the road and helps to minimize maintenance costs. That's why many of our vehicles offer available active safety technologies and driver assistance systems to enhance the awareness of drivers to potential crash threats. By doing so, drivers can react and take appropriate action to help avoid collisions.

Safety features or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

AVAILABLE ACTIVE SAFETY TECHNOLOGIES

LOW SPEED FORWARD AUTOMATIC BRAKING

If the vehicle is traveling at a low speed and the system detects that a front-end collision situation is imminent while following a detected vehicle and the driver has not already applied the brakes, the system automatically applies the brakes to help reduce the collision's severity. The system may even help avoid the collision at very low speeds.

FORWARD COLLISION ALERT

If the system detects that a front-end collision situation is imminent while following a detected vehicle, the system alerts the driver to a potential crash. It also alerts them if they are following a detected vehicle much too closely.

FRONT PEDESTRIAN BRAKING

If the system detects that a pedestrian is directly ahead and a collision is imminent, and the driver has not already applied the brakes, the system alerts the driver and may even automatically apply the brakes to help the driver avoid or potentially reduce the harm caused by the collision. Performance is limited at night.

LANE CHANGE ALERT WITH SIDE BLIND ZONE ALERT

Provides side-mirror alerts to help drivers avoid crashing into a moving vehicle detected in their side blind zone or a vehicle that is rapidly approaching their side blind zone during a lane-change maneuver.

LANE KEEP ASSIST WITH LANE DEPARTURE WARNING

Using a forward-looking camera, this feature provides gentle steering wheel turns (and Lane Departure Warning alerts if necessary) to help drivers avoid crashes due to unintentionally drifting out of their lane when they are not actively steering and their turn signal is not activated.

REAR CROSS TRAFFIC ALERT

When the vehicle is backing up, Rear Cross Traffic Alert uses radar sensors to monitor passing left- or right-cross traffic and alerts the driver to detected vehicles.

SURROUND VISION

With the support of four strategically placed cameras, Surround Vision is designed to give drivers a virtual bird's-eye view of the area around their vehicle. All camera viewpoints merge to transmit a clear digital image on the touch-screen.

HIGH DEFINITION REAR VISION CAMERA

When in Reverse, this feature provides the driver with a high resolution image display of the scene directly behind the vehicle on the Infotainment screen to help them park and avoid nearby objects during low-speed maneuvering.

PROTECTION

Several vehicles in our portfolio offer up to 10 standard airbags¹ featuring up-to-date technologies, including the Passenger Sensing System with infant-only suppression for passenger, along with passenger seat belt reminder status.

Dramatization. Not all airbags will deploy and if multiple airbags do deploy, they will be in various stages of inflating/deflating.

AIRBAG INSIGHT

Depending on the model, General Motors Fleet vehicles feature strategically located airbags² that can help protect occupants in the event of a collision. These can include:

- Single or dual-stage frontal for driver
- Knee for driver
- Single or dual-stage frontal for right-front passenger
- Knee for front passenger
- Seat-mounted side-impact for driver
- Seat-mounted side-impact for right-front passenger
- Centre driver seat-mounted side-impact for protection between driver and front passenger
- Roof-rail side-impact and rollover for outboard seating positions
- Head-curtain side-impact for rear outboard seating

RESPONDING

On properly equipped vehicles, OnStar can connect you with specially trained Advisors that can help dispatch the assistance you need (service plan purchase required).³

CRISIS ASSIST³

In the event of severe weather conditions or a crisis, available OnStar Crisis Assist is designed to be there for you and your drivers 24/7. Should emergency assistance, evacuation routes and other resources be required, specially trained Advisors can be there to help at the push of a button.

ROADSIDE ASSISTANCE⁴

Should your driver become stranded, run out of fuel, have a flat tire or need a tow truck, OnStar Advisors can use GPS technology to locate a nearby service provider and direct them to your driver's location.

AUTOMATIC CRASH RESPONSE³

If one of your drivers can't call for help in the event of a crash, Built-in sensors are designed to automatically alert OnStar, so an Advisor can help pinpoint your vehicle's location and direct first responders there.

EMERGENCY SERVICES

OnStar connects drivers with a priority connection to a specially trained OnStar Advisor who can contact emergency service providers and provide certain types of critical assistance, should you need help.

¹ Airbag inflation can cause severe injury or death to anyone too close to the bag when it deploys. Be sure every occupant is properly restrained. See Owner's Manual for more information. ² Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. ³ Visit onstar.ca for vehicle availability. OnStar acts as a link to existing emergency service providers. With properly equipped vehicle and with the purchase of a paid OnStar plan. Factory-installed equipment purchase may be required. Not all vehicles may transmit all crash data. ⁴ Roadside service provided by Allstate Roadside Services. Limitations and restrictions apply.

CONNECTIVITY SOLUTIONS

From helping to provide peace of mind to your drivers to improving their productivity with in-vehicle Wi-Fi^{®1}, and even optimizing your fleet's efficiency with built-in telematics, General Motors Fleet offers a variety of connectivity solutions tailored to help you meet your unique business needs.

ONSTAR[®]

For the 2019MY, one simple added OnStar[®] plan — the Fleet Safety & Security Plan² — can provide you the added peace of mind of knowing that Automatic Crash Response,³ Emergency Services,³ Stolen Vehicle Assistance⁴ and Roadside Assistance⁵ can be there for you and your drivers. Plus, this package can keep drivers on track by using Turn-by-Turn Navigation.⁶

WI-FI[®]

OnStar can help boost your workforce's productivity by turning your vehicles into a mobile office with available 4G LTE with built-in Wi-Fi[®] hotspot.¹ The signal allows up to seven different devices to use Wi-Fi[®] through a connection that can work up to 15 metres away from the vehicle.

TELEMATICS

Manage your fleet efficiently with available telematics solutions. GM is the leading OEM with factory-installed hardware, allowing you to take advantage of the data we can provide without the hassle of plug-in hardware required with other OEM vehicles. And with GM Commercial Link,⁷ you can get valuable information for just \$12 (plus tax) per vehicle per month. This includes Maintenance, Speed, Location, Fuel and Reporting.

When it comes to monitoring your fleet, we offer reliable options to help ensure the best fit for your business. With available OnStar-embedded hardware already equipped in most vehicles, it's easy to integrate telematics solutions through our partners to manage and monitor your fleet.

GENERAL MOTORS TELEMATICS

Stay one step ahead of your fleet's operations with detailed information such as speed, location, fuel levels, and more.

¹ Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. ² OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. Roadside services provided by Allstate Roadside Services. Limitations and restrictions apply. Stolen Vehicle Assistance requires armed factory-installed theft-deterrent system and selection of notification communication preference(s). These services are intended to assist with vehicle recovery and do not prevent theft or protect against damage or loss. Additional messaging and data rates may apply. Services are subject to user terms and limitations. Visit onstar.ca for more details. ³ OnStar acts as a link to existing emergency service providers. Not all vehicles may transmit all crash data. ⁴ Services are subject to user terms and limitations, and vary by vehicle model. Requires subscription to OnStar Security Plan, OnStar Guidance Plan, or OnStar Safety & Security Plan. These services are intended to assist with vehicle recovery, and do not prevent theft or protect against damage or loss. Visit onstar.ca for more details. ⁵ Roadside service provided by Allstate Roadside Services. Limitations and restrictions apply. ⁶ Requires subscription to OnStar Guidance Plan, Premium Access Plan, OnStar Safety & Security Plan or Navigation add on. Services are subject to user terms and limitations, and vary by vehicle model. Visit onstar.ca for more details. ⁷ Visit onstar.com/us/en/services/coveragemaps.html for coverage area limitations. Commercial Link offer only available on vehicles equipped with OnStar[®] hardware. You authorize Commercial Link, through OnStar or one of its assigns, to charge the monthly fee for your Commercial Link service (plus any applicable sales tax) to the debit/credit card designated in your Commercial Link Account at the conclusion of the trial. Fees and services subject to change without notice.

ALL-NEW 2019 FULL-SIZE PICKUPS: PRODUCTIVITY PERFORMERS

The world of business is ruled by productivity and the pace of business is moving faster than ever. General Motors Fleet has the products and solutions to help keep your business moving.

Chevrolet and GMC are innovating to help keep your fleet highly productive. Introducing the all-new 2019 Chevrolet Silverado and GMC Sierra. Designed for comfort, connectivity and productivity.

Preproduction model shown.
Actual production model may vary.

2019 CHEVROLET SILVERADO

Engineered to accomplish. Built for durability. That's how the 2019 Silverado excels in a Fleet portfolio. It deftly packages space, convenience and capability into a full-size truck offering more leg room, more storage spaces and enhanced cabin comfort compared to the previous generation.

BED AND BOX

With more length, depth and volume in all three cargo box sizes (Short, Standard and Long) compared to the previous generation, 2019 Silverado pickup beds will help your drivers work and haul gear with confidence. Just a few improvements to note over the current generation include: better lighting, lighter but stronger high-strength steel bed, increased width inside the box and an available 400-watt outlet.

Functionality highlights include: 12 standard tie-down rings, each rated at 500 lbs., and nine more movable rings available. And getting into the cargo box is easier with larger footwells in the innovative CornerStep rear bumper.

MIXED MATERIALS

The body structure of the Silverado 1500 is composed of predominantly lightweight high-strength steel with aluminum hood, doors and tailgate for weight reduction compared to the current truck.

However, Silverado 1500 also strengthens its winning formula, building durability and corrosion resistance into every truck body for capability where it's needed.

U.S. model shown with optional equipment.

INTERIOR SPACE

Smart design and ingenuity in the use of space means more head room and shoulder room in the front seat compared to the current truck. There is also more leg room for rear-seat passengers in the Crew Cab compared to the current generation. And users will find innovative storage throughout, such as an available rear underseat bin and rear seatback bins.

ADDED SAFETY FEATURE AVAILABILITY

For an extra measure of safety, every Silverado model, starting with the Silverado WT offers the availability of Front and Rear Park Assist, Lane Change Alert with Side Blind Zone Alert and Rear Cross Traffic Alert.

Additional active safety features available on LT models and above include Front Pedestrian Braking, Lane Keep Assist with Lane Departure Warning, and Low Speed Forward Automatic Braking.

PERFORMANCE

When it comes to performance options, you benefit from your choice of six engine/transmission choices, including an all-new 3.0L Duramax® I-6 Turbo-Diesel engine.

Safety features or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

VEHICLES

RESOURCES

Preproduction model shown.
Actual production model may vary.

2019 GMC SIERRA

The 2019 GMC Sierra is truly the next generation truck. With a bold, new exterior design that is uniquely and unmistakably GMC, combined with new features such as the available MultiPro Tailgate, Sierra offers the performance needed day in and day out to meet Fleet expectations.

U.S. model shown with optional equipment.

CARGO BOX VOLUME

Sierra's Short Box (5 ft. 8 in.) offers more cargo volume than competitors' Standard Boxes (6 ft. 6 in.)

62.9
cu. ft.
Short Box¹

PRESENCE

Cabin space has been enhanced in the areas that will be appreciated by your drivers. A larger overall cab size (compared to 2018 Sierra) translates to more comfort for the driver and passengers. In addition, new storage spaces — including a new rear seatback compartment — help to ensure drivers have a place for both small and large items.

PURPOSE

Every truck has a purpose, and Sierra is engineered to perform with more cargo box volume than key competitors.

Additional purpose-built features of Sierra include stronger cargo tie-downs (12 total) than the previous Sierra, flexible functionality to secure items and an electric outlet (120V) offering a convenient plug-in location for items such as electrical tools.

New available camera technologies help allow drivers monitor both their trailer and their surroundings.

- Available Hitch Guidance with Hitch View incorporates dynamic guidance lines for the truck and the trailer hitch

- Two available rear-facing cameras integrated into the side mirrors are useful for seeing down the side of the truck and trailer during lane changes or when backing up

An available in-vehicle app helps ease the process of trailering at all stages — during hitching and setup, on the road and when responding to potential hazards:

- Store and keep track of important trailer information (type, mileage, tire pressure, maintenance needs, etc.)
- Inspect external lights by sequencing them without assistance from a second person
- Sierra's theft alert capabilities are extended to the trailer, so if the trailer is disconnected while Sierra is parked and locked, the truck's lights and horn would be triggered (requires active OnStar[®] service plan²)

POWER

New versions of the proven 6.2L and 5.3L V8 engines will be joined by an all-new 3.0L Duramax[®] I-6 Turbo-Diesel engine, offering a variety of choices to accommodate varied fleet needs.

Safety features or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

¹ Steel box models. Cargo and load capacity limited by weight and distribution. ² Requires data plan, compatible vehicle and compatible device. Some features require factory-installed remote start, power locks, Tire Pressure Monitoring System or active OnStar service.

EFFICIENCY & SUSTAINABILITY SOLUTIONS

Increasingly, efficiency and sustainability are becoming priorities for businesses as they seek to be conscientious corporate neighbors. The same is true for General Motors Fleet. That's why we spend research and development resources on providing propulsion solutions we can be proud of — and that you can be proud to include in your fleet.

HYBRID TECHNOLOGY

If you're looking for vehicles with hybrid technology, General Motors Fleet has the answer. The Chevrolet Malibu hybrid comes equipped with a 1.8L hybrid engine and features such as the Drive Efficiency Gauge to help drivers make the most out of their miles.

CNG/LPG

Compressed Natural Gas (CNG) and Liquified Petroleum Gas (LPG) capable engines meet the needs of many fleet operators. That's why we have made it possible to choose propulsion systems that best benefit you. For example, the 6.0L V8 engine with hardened valves and valve seats are designed for aftermarket CNG/LPG upfit.

ELECTRIC VEHICLES

If containing fuel costs and reducing fleet emissions are a priority, the lineup of electric vehicles available from General Motors Fleet can provide a solution. The all-electric Chevrolet Bolt EV has up to a GM-estimated 383 kilometres of electric driving range on a full charge¹, while the 2018 Chevrolet Volt Plug-In Hybrid provides up to 85 electric kilometres on a full charge.²

DIESEL POWER

Diesel engines — including the addition of the all-new 3.0L Duramax® I-6 Turbo-Diesel in the 2019 full-size pickup trucks — provide powertrain options for your fleet. Diesel options are available on compact cars such as the Chevrolet Cruze, compact SUVs including the Chevrolet Equinox and GMC Terrain, the midsize Chevrolet Colorado and GMC Canyon pickups, Chevrolet Express and GMC Savana vans, and Chevrolet Silverado and GMC Sierra pickup trucks.

¹ Bolt EV energy consumption and range ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Full charge required. Actual consumption, driving range and energy cost will vary based on temperature, driving conditions, use of HVAC and/or accessories, and how you drive and maintain your vehicle. ² 2018 Volt energy consumption and range ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Full charge required. Actual consumption, driving range and energy cost will vary based on temperature, driving conditions, battery age and how you drive and maintain your vehicle. Even with a fully charged battery, the gas-powered electric generator may be required in cold ambient temperatures.

OUR FOCUS: EXCEPTIONAL CUSTOMER EXPERIENCES

Helping to propel your business forward, that's our constant focus. Regardless of fleet size, requirements or capabilities, our one-team approach provides you the fleet resources you need when you need them. We are here to help ensure you get the right solutions and, ultimately, the right outcomes for your team.

FLEET ACCOUNT MANAGERS — SALES, SERVICE AND GOVERNMENT

In every region of the country, you can contact our Fleet Account Managers, who are focused on strengthening the relationships we have with you to allow you to best manage your fleet. And our Fleet Service Account Managers provide product and technical support to keep your fleet performing at its best.

GLOBAL TEAM

You can rely on the strength and experience of a team when the global specialists, along with our regional managers and local fleet managers, work together to provide solutions. With managers in more than 150 countries, we are truly capable of providing a one-stop shop for multinational fleets — whether current local fleet, vehicle acquisition or legislation. In addition, the benefit of their experience can help to better manage regional needs and cultural preferences.

GM DEALER NETWORK

No matter where you are, no matter where your fleet is — there are more than 450 GM Dealers nationwide to serve you and your team when you need it most.

CHEVROLET AND GMC BUSINESS ELITE DEALERS

When you require a specialist in the fleet and commercial business, the Chevrolet and GMC Business Elite Dealers are there for you. They make it a priority to know your business and to help you find the best vehicle solutions for your needs. Visit www.gmfleet.ca/business-elite-dealers.html for Business Elite Dealer details.

INTRODUCING THE NEW 2019 CRUZE

Available in sedan and hatchback, Cruze offers plenty of cargo space, efficiency to brag about and technology drivers crave. The best part? It’s all wrapped up in a fun-to-drive, sporty vehicle.

For the 2019 model year, there are new safety offerings, design enhancements and a new LS model for Cruze Hatch. Plus, this sporty small car will be equipped with the latest Chevrolet Infotainment System¹ and a standard 7-inch diagonal colour touch-screen.

HATCH ADDS LS MODEL

The Cruze Hatch lineup expands with the introduction of an LS model. Like its sedan counterpart, LS Hatch is well equipped with the latest Chevrolet Infotainment System¹, a 7-inch diagonal colour touch-screen and more. Plus, an available LS Convenience Package offers Remote Start, cruise control, 16-inch alloy wheels and steering wheel-mounted controls for audio, phone and cruise.

EXPANDED SAFETY OPTIONS

Cruze continues to offer a comprehensive suite of available advanced safety technologies that help detect and prevent hazards on the road. For the 2019 model year, the availability of the Driver Confidence and Driver Confidence II Packages has been expanded for fleet customers and Front Pedestrian Braking and Low Speed Forward Automatic Braking are now offered.

DRIVER CONFIDENCE PACKAGE <i>Available on LS and LT models for fleet customers</i>	DRIVER CONFIDENCE II PACKAGE <i>Available on LS, LT and Premier models for fleet customers</i>
Lane Change Alert with Side Blind Zone Alert	Following Distance Indicator
Rear Cross Traffic Alert	Forward Collision Alert
Rear Park Assist	NEW! Front Pedestrian Braking
	IntelliBeam headlamps
	Lane Keep Assist with Lane Departure Warning
	NEW! Low Speed Forward Automatic Braking

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle’s Owner’s Manual for more important feature limitations and information.

Preproduction 2019 model shown with optional equipment. Actual production model may vary.

INTRODUCING THE NEW 2019 MALIBU

Malibu is the car that doesn't compromise. It unites impressive safety features with seamless connectivity. Exceptional efficiency with Chevrolet's latest technologies. It's the midsize car that strikes the perfect balance for a fleet's needs.

For the 2019 model year, new available safety packages, a new Continuously Variable Transmission (CVT) paired with the 1.5L Turbo engine and technology enhancements build on Malibu's already responsive performance.

What's more, the 1FL equipment group for Malibu LS can be built to suit fleet needs, with an available 8-way power driver seat and two available safety packages — Driver Confidence I and Driver Confidence II.

NEW STANDARD FEATURES ON LT MODEL

Malibu LT now offers drivers added comfort, with standard heated cloth front seats, dual-automatic climate control and Remote Start, while redesigned tail lights add a confident flair.

THREE LEVELS OF SAFETY

Malibu continues to offer a comprehensive suite of available advanced safety technologies that helps detect and prevent hazards on the road. For the 2019 model year, these features have been repackaged, now offering three levels of safety:

DRIVER CONFIDENCE I PACKAGE	DRIVER CONFIDENCE II PACKAGE <i>NOTE: Requires Driver Confidence I Package.</i>	DRIVER CONFIDENCE III PACKAGE <i>NOTE: Requires Driver Confidence I and Driver Confidence II Packages.</i>
Lane Change Alert with Side Blind Zone Alert	Following Distance Indicator	Adaptive Cruise Control
Rear Cross Traffic Alert	Forward Collision Alert	Automatic Parking Assist
Rear Park Assist	Front Pedestrian Braking	Electric Park Brake
Heated outside mirrors (1FL model only)	IntelliBeam headlamps	Forward Automatic Braking
	Lane Keep Assist with Lane Departure Warning	
	Low Speed Forward Automatic Braking	

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

NEW CONTINUOUSLY VARIABLE TRANSMISSION (CVT)

Malibu's standard 1.5L Turbo engine is now paired with a CVT that helps keep rpm at an efficient level. Malibu Premier will continue to offer exhilarating performance, pairing a 250-horsepower (186 kW) 2.0L Turbo engine with a 9-speed automatic transmission. Malibu Hybrid comes with a 1.8L naturally aspirated gas engine paired with a 2-motor drive unit, plus a Driver Efficiency Gauge, which provides feedback on driving habits.

KEY STANDARD FEATURES

Features based on 1LS model.

SAFETY + SECURITY

- 8 airbags⁵
- HD Rear Vision Camera
- LED Daytime Running Lamps
- StabiliTrak[®] Electronic Stability Control System
- Tire Pressure Monitoring System (excludes spare tire)

PERFORMANCE

- 2.0L Turbo engine (275 hp [205 kW]/295 lb.-ft. [398.3 Nm])
- 4-wheel antilock disc brakes
- 4-wheel independent sport suspension
- 6-speed manual transmission
- Driver Mode Selector
- Dual-outlet exhaust with stainless steel tips
- Limited-slip rear differential

PRODUCTIVITY + DRIVE EXPERIENCE

- 12-volt power outlet
- 18-inch Silver-painted aluminum wheels
- 245/50R18, blackwall all-season tires⁶
- 4G LTE Wi-Fi[®] hotspot³ (limited service trial)
- 6-speaker sound system
- 4-way manual front passenger seat with power recline
- 8-way power-adjustable driver seat
- Bluetooth^{®7} wireless technology for select phones
- Chevrolet Infotainment System⁸ with 7-inch diagonal colour touch-screen
- Cruise control
- Driver Information Centre
- Keyless Open and Start
- Leather-wrapped shift knob
- Leather-wrapped steering wheel
- Limited OnStar[®] Coverage and Connected Services⁹ trial
- Power door locks, programmable

- Power windows, one-touch driver and front passenger Express-Up/-Down
- Single-zone automatic climate control
- Teen Driver technology
- Tilt/telescoping steering column
- USB ports¹⁰ (2)

KEY AVAILABLE FEATURES

Optional features and packages vary by trim level. See Order Guide for details.

- 3.6L V6 engine (335 hp [250 kW]/284 lb.-ft. [383.4 Nm]) on LT models
- 6.2L V8 (455 hp [339.3 kW]/455 lb.-ft. [614.3 Nm]) on SS models
- 6.2L supercharged V8 (650 hp [485 kW]/650 lb.-ft. [881 Nm]) on ZL1 model
- 8-speed paddle-shift automatic transmission
- 10-speed paddle-shift automatic transmission featuring Custom Launch Control and Line Lock on SS and ZL1
- 20-inch wheels (paired with summer-only¹¹ tires on SS and ZL1 models)
- Bose[®] Premium 9-speaker Sound System
- Brembo[®] 4-piston front and rear performance brakes (6-piston front on ZL1 model)
- Chevrolet Infotainment 3 System⁹ with 8-inch diagonal colour touch-screen and Navigation¹²
- Forward Collision Alert
- Head-Up Display
- Performance Data Recorder
- Power sunroof
- Rear Camera Mirror
- Rear Cross Traffic Alert
- Lane Change Alert with Side Blind Zone Alert

NOTE: Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information.

Some phones have built-in wireless charging technology and others require a special adapter or back cover. To check for phone or other device compatibility, see my.gm.ca or consult your carrier.

2018 U.S. model shown with optional equipment.

ENERGIZE YOUR FLEET

Offering a GM-estimated range of up to 383 km [238 miles] on a full charge¹, Bolt EV allows the convenience of multiple trips to and from the jobsite on a single charge. Include the added benefits of up to 1603 L [56.6 cu. ft.] of max. cargo space² and available Surround Vision technology, and you've got a vehicle primed to help meet the demands of your business.

AVAILABLE 240-VOLT/32-AMP CHARGING UNIT

The available 240-volt charging unit (professional installation required) is the fastest way to recharge your battery at home and offers more power than the standard 120-volt outlet. This higher-voltage system can provide a full charge in as little as 9.5 hours³.

DC FAST CHARGING

Bolt EV offers standard DC Fast Charging provision, which provides up to 145 km [90 miles] of range in about 30 minutes of charge time⁴. DC Fast Charging is typically available for use at select public charging stations and is perfect for topping off the charge anytime while on the go.

LOCATION-BASED CHARGING

Program charge settings whether you're home or away. Using the GPS signal in the car, Bolt EV will know when you're home and will activate according to your preset times. If you're somewhere else, Bolt EV will know to charge according to your settings. You can even delay charging until utility rates are at their lowest off-peak prices.

¹ Bolt EV energy consumption and range ratings based on GM testing in accordance with Government of Canada approved test methods. Refer to vehicles.nrcan.gc.ca for details. Full charge required. Actual consumption, driving range and energy cost will vary based on temperature, driving conditions, use of HVAC and/or accessories, and how you drive and maintain your vehicle. ² Cargo and load capacity limited by weight and distribution. ³ When using the available 240-volt charging station and a 32-amp charge level. Professional installation required. Charge time may vary with temperature. ⁴ Charging rate varies based on output of the charge unit, vehicle settings and outside temperature.

- Rear cargo cover, cloth
- Safety Alert Seat
- Ventilated front seats
- Wireless charging¹²

NOTE: Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information.

2018 model shown with optional equipment.

NEW FLEET-EXCLUSIVE TRIM WITH SAFETY PACKAGE

New for 2019, the Equinox 2FL model (based on Equinox LT FWD and AWD) was designed with fleet customers in mind and includes safety features tailored specifically to fleet needs. It offers a standard Fleet Safety Package that includes 6 advanced safety technologies, plus a leather-wrapped steering wheel and the convenience of IntelliBeam headlamps. This fleet-exclusive package is the perfect way to enhance the already well-equipped LT model for business needs.

CONFIDENCE FOR EVERY MILE

Low Speed Forward Automatic Braking, Lane Keep Assist with Lane Departure Warning, Front Pedestrian Braking, Forward Collision Alert, and Lane Change Alert with Side Blind Zone Alert help detect and prevent hazards on the road.

INTELLIBEAM HEADLAMPS

This technology automatically switches on the high beams when driving conditions become too dark and reverts to low beams when it detects an approaching vehicle.

LEATHER-WRAPPED STEERING WHEEL

A leather-wrapped steering wheel offers a premium touch and conveniently puts audio, phone and Driver Information Centre controls at your fingertips.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

- Power tilt/telescoping steering column
- Rear Camera Mirror
- Rear Cross Traffic Alert
- Remote Start
- Surround Vision
- Switchable AWD
- Twin-clutch Advanced AWD
- Ventilated front seats
- Wireless charging¹²

NOTE: Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information.

¹ Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and iTunes are trademarks of Apple Inc., registered in the U.S. and other countries. ² Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running AndroidTM 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC. ³ Whichever comes first. Fleet deliveries only. Fully transferable. Conditions, limitations and exclusions apply. See Warranty Booklet and Dealer for complete details. Powertrain Component Warranty coverage may vary for certain Fleet vehicles (e.g. Rental deliveries). ⁴ With second and third rows folded. Cargo and load capacity limited by weight and distribution. ⁵ Premium paint; additional charge. ⁶ Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. ⁷ Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. ⁸ Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data charges may apply. ⁹ Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, service plan and conditions as well as geographical and technical restrictions. Service plan required. Factory-installed equipment purchase may be required. ¹⁰ Does not detect people or items. Always check rear seat before exiting vehicle. ¹¹ Not compatible with all devices. ¹² The system wirelessly charges one PMA- or Qi-compatible mobile device. Some phones have built-in wireless charging technology and others require a special adapter or back cover. To check for phone or other device compatibility, see my.gm.ca or consult your carrier.

CAPABILITY IS ITS BUSINESS

Offering up to 98.2 cu. ft. [2781 L] of max. cargo space^{1,2} and technologies to help keep drivers connected when away from the office, the 2019 Traverse isn't just an SUV — it's the way fleets do business.

TWO FLEET-SPECIFIC TRIMS

Traverse was designed with business needs in mind, offering two trims tailored to fleets — the 1FL model (based on Traverse LS FWD and AWD) and the 2FL model (based on Traverse LT Cloth FWD and AWD). They offer technologies and features to help drivers stay safe while giving them added comfort.

1FL EQUIPMENT GROUP <i>Includes LS model standard content, plus:</i>	2FL EQUIPMENT GROUP <i>Includes LT Cloth model standard content, plus:</i>
8-way power driver seat with power lumbar	120-volt power outlet
Rear Park Assist	Lane Change Alert with Side Blind Zone Alert
	Rear Cross Traffic Alert
	Rear Park Assist
	Available 8-passenger seating

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

VERSATILE INTERIOR THAT FITS YOUR NEEDS

Traverse offers versatility for both cargo and passengers, with available seating for up to 8 and a Smart Slide® second-row seat on the passenger side that can be moved and angled forward, with an empty forward-facing child seat in place installed using the LATCH system, allowing passengers easy access to the spacious third row.

Items can be discretely stashed throughout the vehicle, including in the 3.2 cu. ft. [90.6 L] of hidden space² beneath the cargo-area floor and in a second-row storage bin behind the centre console. The available 8-inch diagonal centre stack touch-screen also slides upward to reveal a hidden storage compartment and a USB port³. To help keep things secure, the compartment can be locked by entering a four-digit PIN.

SEAMLESS CONNECTIVITY CREATES A MOBILE OFFICE

Traverse offers drivers many features they need to help them stay connected and informed, including Apple CarPlay™⁴ and Android Auto™⁵ compatibility, 4G LTE with built-in Wi-Fi® hotspot⁶ (limited service trial) and Bluetooth® wireless technology⁷ for select phones that enables voice-activated calling.

Not only can drivers bring their devices with them, but they can keep them powered with up to 9 charging locations, including up to 7 USB ports³, an available 120-volt outlet and available wireless charging⁸.

1 With second and third rows folded. **2** Cargo and load capacity limited by weight and distribution. **3** Not compatible with all devices. **4** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and iTunes are trademarks of Apple Inc., registered in the U.S. and other countries. **5** Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android 5.0 Lollipop or higher and data plan rates apply. EXTERIOR COLOURS

1 With 2WD and available diesel engine. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See dealer for details. **2** Premium paint; additional charge. **3** Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **4** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay is a trademark of Apple Inc. Siri, iPhone and iTunes are trademarks of Apple Inc., registered in the U.S. and other countries. **5** Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC. **6** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data charges may apply. **7** Not compatible with all devices. **8** Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. **9** At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. **10** Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, service plan and conditions as well as geographical and technical restrictions. Service plan required. Factory-installed equipment purchase may be required. **11** Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See our Customer Agreement for complete terms at siriusxm.ca/terms.

KEY STANDARD FEATURES

Features based on Colorado Work Truck with the 2WT equipment group unless otherwise noted.

SAFETY + SECURITY

- 6 airbags³
- Rear Vision Camera
- Theft-deterrent system with engine immobilizer
- Tire Pressure Monitoring System (excludes spare tire)

PERFORMANCE

- 2.5L 4-cylinder engine (200 hp [149 kW]/191 lb.-ft. [259 Nm])
- 4-wheel antilock disc brakes
- 4.10 rear axle ratio
- 6-speed manual transmission
- All-speed traction control
- StabiliTrak® Electronic Stability Control System

PRODUCTIVITY + DRIVE EXPERIENCE

- 6-speaker audio system
- 16-inch wheels with all-season tires
- Apple CarPlay™⁴ and Android Auto™⁵ compatibility
- Cargo area lamp (back of cab)
- Chevrolet Infotainment System⁶ with 7-inch diagonal colour touch-screen
- CornerStep rear bumper
- Colour-keyed carpeting with front and rear carpeted floor mats
- Driver Information Centre
- Front bucket seats
- Locking tailgate
- Manual-adjustable, manual-folding outside mirrors
- Power door locks
- Power windows with driver Express-Up/-Down
- Short Box (5'2" [1575 mm]) or Long Box (6'2" [1879 mm])
- Teen Driver
- USB ports⁷ (2)

KEY AVAILABLE FEATURES

Optional features and packages available on certain models only. See Order Guide for details.

- 2.8L Duramax Turbo-Diesel 4-cylinder engine (181 hp [135 kW]/369 lb.-ft. [500 Nm])

*ZR2 maximum trailering rating is 5,000 lbs. [2268]

COLORADO: CAPABLE, VERSATILE

Colorado has stood out among its midsize truck competition from the beginning.

Colorado offers three powertrain choices, ranging from the standard 2.5L gas engine to the available 3.6L V6 gas engine with 308 horsepower [229 kW] and 275 lb.-ft. of torque [373 Nm], along with a maximum payload rating of 1,557 lbs. [706 kg]⁴ In addition, Colorado offers an available diesel engine in the segment — the 2.8L Duramax Turbo-Diesel, which delivers outstanding trailering capability with a 7,700-lb. [3492 kg] maximum tow rating⁵ and a commanding 369 lb.-ft. of torque [500 Nm].

Upgrading to the Duramax diesel includes the automatic locking rear differential, remote start and EZ Lift & Lower tailgate. In addition to its capability, Colorado comes equipped with standard Rear Vision Camera, Apple CarPlay⁶ and Android Auto⁷ compatibility, and offers available active safety alert features such as Forward Collision Alert, Lane Departure Warning and Rear Park Assist.⁸ Customers with more specific needs can order a rear seat delete option if you need additional, lockable cargo space.

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's Owner's Manual for more important feature limitations and information.

1 Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **2** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **3** Before you buy a vehicle or use it for trailering, carefully review the trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. **4** With Extended Cab model short box and 2WD. When properly equipped; maximum payload capacity includes weight of driver, passengers, optional equipment and cargo. **5** With 2WD and available diesel engine. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See dealer for details. **6** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible smartphone and data plan rates apply. **7** Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC. **8** Read the vehicle's owner's manual for important feature limitations and information.

A POWER PERFORMER.

The GMC Canyon is the midsize pickup that goes all in with its efficiently powerful performance balanced with agility that helps you easily maneuver around tight turns and spaces while you drive from job to job.

Its Professional Grade capability can handle your toughest tasks with up to 7,700-lbs. max. trailering or up to 1,605-lbs. max. payload (when properly equipped with the available diesel engine). And when you’re loading up the box, smart innovations like a CornerStep rear bumper and available EZ-Lift & Lower locking tailgate help make the work easier, while available accessories help divide and carry your cargo.

Advanced connectivity features, including a 4G LTE with built-in Wi-Fi® hotspot (limited service trial), turn Canyon into a mobile office, while available safety technologies such as Forward Collision Alert and Lane Departure Warning help keep your drivers aware of their surroundings.

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle’s Owner’s Manual for more important feature limitations and information.

1 Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **2** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner’s Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver’s door jamb. **3** Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. See your GMC Dealer for more details.

ALL-NEW SILVERADO STRENGTHENS LEGACY OF DEPENDABILITY

Building on a century of hardworking, dependable and capable trucks, Chevrolet launches the next-generation 2019 Silverado 1500 with an expanded lineup, larger and more functional cargo boxes, more interior room and high-strength steel construction where it matters most.

Silverado cargo boxes will be wider and deeper and feature improvements over the current generation, including a lighter, yet stronger, high-strength steel bed, better lighting and an available Power Up/Down Tailgate. Each truck provides 12 cargo tie-down rings, each rated to 500 lbs. [226 kg], and an additional nine movable rings as an option.

Fleet-specific packages will offer features like Remote Keyless Entry, a power lock and release tailgate with lift assist and two 120-volt power outlets — one inside the cab and one mounted to the cargo box.

The 2019 all-new Silverado will eventually offer six powertrain combinations, including our proven 5.3L V8, available 6.2L V8 with the new 10-speed automatic transmission and, coming soon, an all-new 3.0L Duramax® Turbo-Diesel. Silverado 1500 pickup was designed to help provide a more confident trailering experience using available camera technology and a new trailering app.

The all-new 2019 Silverado offers standard Rear Vision Camera, heating and cooling vents for rear-seat passengers (Double and Crew Cabs) and innovative storage solutions, including an available rear underseat bin and hidden seatback compartment.

MORE AVAILABLE SAFETY FEATURES

Helping your workers stay safe and sound while on the road also helps your productivity. Recognizing the importance of safety in day-to-day operations, the all-new 2019 Silverado 1500 will offer the following available active safety technologies:

SAFETY PACKAGE

Available on WT and LT models and includes:

- Front and Rear Park Assist
- Lane Change Alert with Side Blind Zone Alert
- Rear Cross Traffic Alert

SAFETY PACKAGE II

Available on LT and LTZ models and includes:

- Following Distance Indicator
- Forward Collision Alert
- Front Pedestrian Braking
- IntelliBeam headlamps
- Lane Keep Assist with Lane Departure Warning
- Low Speed Forward Automatic Braking
- Safety alert seat (LTZ)

Safety or driver assistance features are no substitute for the driver's responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle's owner's manual for more important feature limitations and information.

¹ Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. ² These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. ³ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of the passengers, cargo and options or accessories may reduce the amount you can tow.

INTRODUCING THE NEXT GENERATION GMC SIERRA 1500

From grille to gate, the Next Generation GMC Sierra is designed to offer the power, capability and versatility your business requires.

PURPOSE-BUILT PICKUP BOX

The purpose-built pickup box on the Next Generation GMC Sierra is designed to have the space and functionality needed for the jobsite. Its exceptional volume offers plenty of room to load material, which can mean the difference between one trip or two, while 12 standard tie-downs — each rated to 500 lbs. — help secure items. Plus, a convenient available 120-volt outlet inside the truck box is the perfect place to charge power tools on the job.

GMC MULTIPRO TAILGATE

The available six-function GMC MultiPro Tailgate is designed to improve loading, unloading and access to the box. With a primary and inner gate, it easily converts from a traditional tailgate to a full-width step, handy load stops or a standing-height work surface, even providing an easy access mode to make reaching items near the cab easier.

PROGRADE TRAILERING

Features vary based on truck equipment. Some features require additional equipment and installation.
A suite of new trailering features — including an innovative Trailering App, advanced camera technologies and more — is designed to help provide confidence during every stage of trailering: when connecting the hitch, on the road and when responding to potential hazards.
Set up a custom trailer profile to track important information (mileage, tire pressure, maintenance needs, etc.), access helpful pre-departure hitching checklists, conduct a trailer light test, monitor the pressure and temperature of the trailer’s tires, or use OnStar^{®4} to receive an alert if the trailer is disconnected while Sierra is parked and locked.

¹ Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. ² These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner’s Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver’s door jamb. ³ Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner’s Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. ⁴ Services subject to user terms and limitations. Visit onstar.ca for details. Requires factory-installed theft-deterrent system; OnStar Security, Guidance or Stolen Vehicle Assistance Plan Add-On; and selection of notification communication preference(s). Vehicle must be locked electronically to arm the factory-installed theft-deterrent system. Messaging and data rates may apply.

NOTE: Read the vehicle's Owner's Manual for important safety and driver assistance feature limitations and information.

WORK SMARTER WITH AVAILABLE FLEET PACKAGES

Business owners who plan to purchase Silverado 2500HD and 3500HD trucks can order specialized fleet packages with only the most commonly needed features for work purposes. For example, customers can order available Fleet Packages for WT, LT and LTZ that include features such as 110-volt outlet, remote locking tailgate, power-adjustable pedals and heated, power-adjustable outside trailing mirrors.

Customers can also order available driver alert packages for LTZ models (standard on High Country) that include Lane Departure Warning, Forward Collision Alert, and Front and Rear Park Assist.² Ask your participating Chevrolet dealer for all the details about available packages.

Safety or driver assistance features are no substitute for the driver’s responsibility to operate the vehicle in a safe manner. The driver should remain attentive to traffic, surroundings and road conditions at all times. Visibility, weather and road conditions may affect feature performance. Read the vehicle’s owner’s manual for more important feature limitations and information.

1 Requires Dual Rear Wheel model. 5th-wheel trailering. Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo and options or accessories may reduce the amount you can tow. These maximum payload ratings are intended for comparison purposes only. **2** Before you buy a vehicle or use it to haul people or cargo, carefully review the vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **3** Whichever comes first. Fleet deliveries only. Fully transferable. Conditions, limitations and exclusions apply. See Warranty Booklet and Dealer for complete details. Powertrain Component Warranty coverage may vary for certain Fleet vehicles (e.g. Rental deliveries). **4** Premium paint; additional charge. **5** Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **6** Vehicle user interface is a product of Apple and its terms and privacy statements apply. Requires compatible iPhone and data plan rates apply. Apple CarPlay™ is a trademark of Apple Inc. Siri®, iPhone® and iTunes® are trademarks of Apple Inc., registered in the U.S. and other countries. **7** Vehicle user interface is a product of Google and its terms and privacy statements apply. Requires the Android Auto app on Google Play and an Android compatible smartphone running Android™ 5.0 Lollipop or higher. Data plan rates apply. Android Auto is a trademark of Google LLC. **8** Functionality varies by model. Full functionality requires compatible Bluetooth and smartphone. Some devices require USB connectivity. Data charges may apply. **9** Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. **10** At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. **11** Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, service plan and conditions as well as geographical and technical restrictions. Service plan required. Factory-installed equipment purchase may be required.

KEY STANDARD FEATURES

Features based on Sierra 2500HD equipment group unless otherwise noted.

SAFETY + SECURITY

- 6 airbags⁵ (2500HD)/2 airbags⁵ (3500HD)
- Rear Vision Camera

PERFORMANCE

- Vortec® 6.0L V8 engine with E85/FlexFuel compatibility (360 hp [268.4 kW]/380 lb.-ft. [515.0 Nm])
- 4-wheel antilock disc brakes with Duralife™ brake rotors
- 6-speed automatic transmission
- Heavy-duty locking rear differential
- StabiliTrak® Electronic Stability Control System with Trailer Sway Control and Hill Start Assist

PRODUCTIVITY + DRIVE EXPERIENCE

- 40/20/40 split-bench front seat
- Apple CarPlay™⁶ and Android Auto™⁷ compatibility
- Cargo bed upper tie-downs (4)
- CornerStep rear bumper
- Folding rear bench seat
- GMC Infotainment System⁸ with 7-inch diagonal colour touch-screen
- High-intensity discharge (HID) projector-beam headlamps with GMC Signature LED Lighting
- Power door locks
- Power windows with Express-Down and driver Express-Up
- Teen Driver

KEY AVAILABLE FEATURES

Optional features and packages available on certain models only. See Order Guide for details.

- 6.0L V8 SFI gaseous CNG-/LPG-capable engine 360 hp [268.4 kW]/380 lb.-ft. [515 Nm])

1 Maximum Gross Vehicle Weight Rating (GVWR). When properly equipped; includes weight of vehicle, passengers, cargo and equipment. **2** These maximum payload ratings are intended for comparison purposes only. Before you buy a vehicle or use it to haul people or cargo, carefully review the Vehicle Loading section of the Owner's Manual and check the carrying capacity of your specific vehicle on the label on the inside of the driver's door jamb. **3** Before you buy a vehicle or use it for trailering, carefully review the Trailering section of the Owner's Manual. The weight of passengers, cargo, and options or accessories may reduce the amount you can tow. **4** Cargo and load capacity limited by weight and distribution.

1 Premium paint; additional charge. **2** Always use seat belts and child restraints. Children are safer when properly secured in a rear seat in the appropriate child restraint. See the Owner's Manual for more information. **3** Visit onstar.ca for vehicle availability, coverage maps, details and system limitations. Services and connectivity vary by model and conditions as well as geographical and technical restrictions. 4G LTE service available in select markets. Requires active connected vehicle services and a data plan to access the vehicle's built-in Wi-Fi hotspot. Accessory Power must be active to use the Wi-Fi hotspot. Data plans provided by AT&T or its local service provider. Credit card is required for purchase. **4** Visit onstar.ca for coverage maps, details and system limitations. Services vary by model, service plan and conditions as well as geographical and technical restrictions. Service plan required. Factory-installed equipment purchase may be required. **5** Go to my.gm.ca to find out which phones are compatible with the vehicle. **6** Functionality varies by model. Full functionality requires compatible Bluetooth® and smartphone. Data charges may apply. **7** At time of printing, detailed map coverage is available for most major urban areas of the United States and for certain metropolitan areas of Canada (Vancouver, Calgary, Edmonton, Winnipeg, Windsor, London, Toronto, Ottawa, Montreal, Quebec City and Halifax). Coverage is significantly limited outside these areas. **8** Available in 10 Canadian provinces, 3 territories and the 48 contiguous United States. Subscription sold separately after trial period. If you decide to continue your service at the end of your trial subscription, the plan you choose will automatically renew and bill at then-current rates until you call 1-888-539-7474 to cancel. Other fees and taxes will apply. All fees and programming subject to change. See our Customer Agreement for complete terms at siriusxm.ca/terms.

KEY STANDARD FEATURES

Features based on Sierra 3500HD model with the 1SA equipment group.

SAFETY + SECURITY

- 6 airbags²
- Enhanced technology glass
- Rear Vision Camera (in-mirror)
- Theft-deterrent system
- Tire Pressure Monitoring System (excludes spare tire)

PERFORMANCE

- 4.3L V6 engine (276 hp [206 kW]/298 lb.-ft. [404 Nm])
- 4-wheel antilock disc brakes
- 8-speed automatic transmission with Cruise Grade Braking and Powertrain Grade Braking
- Hill Start Assist

PRODUCTIVITY + DRIVE EXPERIENCE

- 4G LTE with built-in Wi-Fi® hotspot³ (limited service trial)
- 12-passenger seating
- 16-inch wheels
- 110-volt outlet
- AM/FM stereo with MP3 player
- Daytime Running Lamps
- Driver Information Centre
- Full-length Black rubberized-vinyl floor covering
- High-back front bucket seats (vinyl or cloth)
- Ladder-type frame
- Limited OnStar® Coverage & Connected Vehicle Services⁴ trial
- Oil-life monitor
- Power door locks
- Power windows
- Rear air conditioning
- Swing-out passenger-side door

KEY AVAILABLE FEATURES

Optional features and packages available on certain models only. See Order Guide for details.

- 2.8L Duramax® Turbo-Diesel 4-cylinder engine (181 hp [135 kW]/369 lb.-ft. [498 Nm])
- 6.0L V8 engine (341 hp [254 kW]/373 lb.-ft. [503.6 Nm])
- 6.0L V8 gaseous CNG-/LPG-capable engine (341 hp [254 kW]/373 lb.-ft. [503.6 Nm])
- 6-speed automatic heavy-duty transmission with Cruise Grade Braking and Powertrain Grade Braking
- 6-way power driver seat
- 6-way power passenger seat
- 15-passenger seating
- Bluetooth® wireless technology⁵ for select phones
- Chevrolet Infotainment System⁶ with Navigation⁷
- Chrome Appearance Package
- Cruise control
- Forward Collision Alert and Lane Departure Warning
- Full-floor colour-keyed carpeting
- Heated, power-adjustable, manual-folding outside mirrors
- Heavy-duty battery with 770 cold-cranking amps
- Heavy-duty trailering equipment
- Leather-wrapped steering wheel
- Locking rear differential
- Rear auxiliary heater
- Rear Park Assist
- Remote Keyless Entry with unauthorized entry notification
- Remote Start
- Side Blind Zone Alert
- SiriusXM® Radio⁸ (limited service trial)
- Sliding passenger-side door

2019

CADILLAC PROFESSIONAL VEHICLES

XTS COACHBUILDER LIMO AND XTS-L EXTENDED SEDAN

With the Cadillac Master Coachbuilder-converted XTS Limousine, an independent supplier takes the exquisite design and luxury of the XTS Sedan and stretches it up to 1778 mm [70 inches], creating the ultimate in chauffeured luxury. Leather-appointed seating comfortably accommodates up to 7 passengers and a driver, while indulgent interior appointments and precise details are sure to impress clients at every turn.

Also available through Cadillac Master Coachbuilders (CMC), the XTS-L Extended Sedan provides the same premium passenger experience as the standard XTS, with up to an extra 177 mm [7 inches] of rear leg room as well as a tuned suspension to provide optimal ride and comfort.

Cadillac sells an incomplete vehicle chassis to a CMC for final vehicle manufacturing and distribution. Each CMC has a different interpretation of the finished product and offers unique interior and exterior features to the industry.

The XTS Limousine and XTS-L Extended Sedan chassis are engineered for the rigors of the chauffeured transportation industry. All CMC-converted limousines and extended sedans are backed by Cadillac's Professional Vehicle Protection Plan for 3 years or 240,000 km¹.

XTS COACHBUILDER HEARSE

With the Cadillac Master Coachbuilder-converted XTS Hearse, an independent supplier builds on Cadillac's legacy of providing the funeral industry with prestigiously crafted, elegant vehicles. The XTS Hearse brings a level of sophistication and respect few other vehicles can match.

Cadillac sells an incomplete vehicle chassis to a Cadillac Master Coachbuilder (CMC) for final vehicle manufacturing and distribution. Each CMC has a different interpretation of the finished product and offers unique interior and exterior features to the industry.

The XTS Hearse chassis is engineered for the heavy-duty application and long idle periods of a funeral procession. All CMC-converted hearses are backed by Cadillac's Professional Vehicle Protection Plan for 6 years or 160,000 km¹.

WARRANTY

COVERED AND COMPREHENSIVE

CHEVROLET AND GMC

3-YEAR or 60,000 KM*
TRANSFERABLE BASE WARRANTY**

+

5-YEAR or 160,000 KM*
TRANSFERABLE POWERTRAIN COMPONENT
WARRANTY ON QUALIFIED FLEET DELIVERIES**

In addition to the standard 3-year/60,000 km* base warranty coverage, all 2019 Chevrolet and GMC passenger cars, light-duty trucks or vans come with a 5-year/160,000 km* Powertrain Component Warranty** that:

- ☐ has a \$0 deductible
- ☐ is transferable to another owner at no charge

* Whichever comes first. Conditions, limitations and exclusions apply.

** Available on qualified fleet deliveries. Consult your warranty booklet and Dealer for details.

Warranty coverages are determined by the mileage of the vehicle and the number of months from the delivery date.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.

BUICK AND CADILLAC

4-YEAR or 80,000 KM*
TRANSFERABLE BASE WARRANTY**

+

6-YEAR or 110,000 KM*
TRANSFERABLE POWERTRAIN
COMPONENT WARRANTY**

In addition to the standard 4-year/80,000 km* base warranty coverage, all 2019 Cadillac and Buick cars and SUVs come with a 6-year/110,000 km* Powertrain Component Warranty** that:

- ☐ has a \$0 deductible
- ☐ is transferable to another owner at no charge

* Whichever comes first. Conditions, limitations and exclusions apply.

** Available on qualified fleet deliveries. Consult your warranty booklet and Dealer for details.

Warranty coverages are determined by the mileage of the vehicle and the number of months from the delivery date.

IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES:

Installations or alterations to the Original Equipment (OE) vehicle or chassis as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.

FLEET ACCOUNT NUMBERS (FANS)

A. DETERMINE IF A PROSPECT IS QUALIFIED:

Fleet Account Numbers are assigned to qualified fleet companies in Canada upon application to General Motors of Canada Company ("GM") through the Global Fleet Sales System (GFSS).

Enrollment Terms and Conditions

A "Qualified Fleet Customer" is defined as:

- A business organization that maintains a minimum of five (5) vehicles licenced and registered in the company and/or owner/operator name and used for business purposes, or
- Business organization that, after its present acquisition, will maintain five (5) or more vehicles licenced and registered in the company and/or owner/operator name and used for business purposes, or
- Business organization that places an order for or purchases three (3) or more new GM vehicles at one time for business purposes; supporting documentation must be retained by the Dealer and made available to GM Canada upon request
- Government/Government Regulated Utilities/Public Schools/Medical Hospitals — no existing Fleet or minimum number of orders at one time is required

New motor vehicles ordered under fleet must be delivered to a Qualified Fleet Customer. In addition, vehicles must be registered and kept in fleet service in Canada by the first Qualified Fleet Customer for a minimum of six (6) months and 12,000 km from the date of delivery.

By executing the Enrollment Form, the Fleet Customer certifies and agrees that no motor vehicles will be purchased or leased, directly or indirectly, for export, sale or use outside of Canada (excluding use related to occasional business and/or personal travel) and no such sale, use or export will occur. Fleet Customer also agrees that it will not induce, by any means, any Dealer to breach the export and/or resale terms of their Dealer

Agreement with GM Canada or any of the terms of this agreement, and acknowledges that it will be responsible in damages to GM Canada and its affiliates for any such interference with the contractual terms between GM Canada and a Dealer or any breach of this agreement.

Violation of this policy by a Dealer or a Qualified Fleet Customer will result in a chargeback to the Dealer or Qualified Fleet Customer, and may include Dealer or Qualified Fleet Customer (or both) being disqualified from further participation in fleet programs. In the event of such a charge back to the Dealer, the Qualified Fleet Customer agrees to reimburse the Dealer.

Additional Customer eligibility requirements for specific fleet programs, as issued by GM Canada to its Dealers from time to time, will be made available to Qualified Fleet Customers by the selling Dealer as required. The Qualified Fleet Customer further agrees to provide, upon request by GM Canada or the selling Dealer, access to original business records confirming that vehicles were registered, used and transferred only in accordance with GM Canada program requirements.

In the event (1) a Qualified Fleet Customer orders new motor vehicles from a Dealer and identifies them as fleet units eligible for GM Canada Fleet programs, and (2) the vehicles are not used by Qualified Fleet Customer in accordance with program requirements, GM Canada will take appropriate action, which may include the disqualification of the Qualified Fleet Customer and/or Dealer from future participation in fleet programs, and the issuance of a charge back against the Dealer and the Qualified Fleet Customer for any special allowances, incentives, special option packages or other promotional programs which GM Canada paid or credited to the Dealer or identified Qualified Fleet Customer as a result of inaccurate representations. In the event of such a chargeback to the Dealer, the Qualified Fleet Customer agrees to reimburse the Dealer.

B. IF A PROSPECT IS QUALIFIED:

A General Motors Dealer is required to submit an enrollment application through GM Global Connect. The enrollment application can be found on the GM Global FANs website. The following information is required:

1. Name of Business
2. Both physical and mailing addresses (if different)
3. Phone number
4. E-mail address

Upon completion of the enrollment application on the website, Dealer will submit this document electronically. Upon processing, a General Motors FAN will be issued and the requesting Dealer will be advised of the FAN via e-mail.

All supporting documentation of the prospect's fleet eligibility must be retained at the dealership submitting the enrollment application.

IMPORTANT

Information contained in this reference guide is intended to be a quick reference digest only. In no way does it supersede program Dealer letters or guidelines. To assure accuracy, check official documents before placing any orders. Specific questions or requests for assistance should be addressed to GM Fleet Action Centre.

SEAT DEFENDER™ BY ARIES™³

Most GM Parts and Accessories sold and installed on a GM vehicle by a GM Dealer or a GM-approved Accessory Distributor/Installer (ADI) before delivery to the customer are covered under the applicable limited warranty. If GM Accessories are installed after vehicle delivery, or are replaced under the New Vehicle Limited Warranty, they will be covered, parts and labor, for the longer of the following: a) 12 months/20,000 km (whichever comes first), or b) the balance of the applicable portion of the New Vehicle Limited Warranty. GM Parts sold over the counter, or those not requiring installation, will continue to receive the standard GM Dealer Parts Warranty of 12 months from the date of purchase, parts only, regardless of miles. Chevrolet and GMC warranties do not apply to Associated Accessories. See your dealer for details.
Some accessories shown are from an independent supplier. GM Licenced and Associated Accessories are covered under the accessory-specific manufacturer's warranty and are not warranted by GM or its dealers. GM is not responsible for the safety or quality of independent supplier alterations.
¹ Non-GM warranty. Limited warranty by LUND®, 3 years/60,000 km (whichever comes first). For more information, contact your dealer. Carrying capacities provided by LUND®. ² Non-GM warranty. Limited warranty by UWS®, 3 years/60,000 km (whichever comes first). For more information, contact your dealer. Carrying capacities provided by UWS®. ³ Non-GM warranty. Limited warranty by Aries™, 3 years/60,000 km (whichever comes first). For more information, contact your dealer.

ACCESSORIES

When it's time to stand and deliver on the jobsite, gear up with accessory choices from Chevrolet and GMC. Whichever accessories you choose, you can have the added confidence you have the right tools for the job.

PREMIUM ALL-WEATHER FLOOR LINERS

Offering precision coverage around interior trim, driver pedals, seat tracks and door sills, Premium All-Weather Floor Liners are constructed of quality materials that provide optimum carpet and interior trim protection, isolating debris and moisture while remaining removable for cleaning.

TWO-PIECE PREMIUM REAR FLOOR LINER

Precision-designed for maximum carpet coverage, this vinyl floor liner features textures and patterns that help enhance foot traction and provide exceptional channeling for dirt, water or mud.

HARD FOLDING QUAD-FOLD TONNEAU COVER WITH OPTIONAL PERSONAL CADDY® BY FOLD-A-COVER®¹

This Tonneau Cover is designed to stand up to rugged use while sheltering the cargo in your truck bed. Lightweight and lockable at either end, the quad-fold design allows for easy opening and closing. It includes a Personal Caddy®, which allows clean, dry and lockable storage of smaller items in the cargo area.

BACKRACK™

With distinct styles of quality Backrack™ Truck Racks, you're sure to achieve the great look you want while providing the ultimate strength and utility you require. Backrack™'s different styles of quality mounting brackets give you the choice of Standard no drill, Toolbox no drill, or Tonneau cover no drill hardware kit installations. Non-GM Warranty. Backrack™ provides manufacturer's Warranty. For details on the warranty provided by Backrack™, please see your dealer.

COMMERCIAL SOUNDING BOARD

The mission of the GM Commercial Sounding Board (CSB) Management is to create a forum for Commercial Fleet Professionals and General Motors Fleet management to candidly discuss all issues of importance to the entire fleet industry. The Commercial Sounding Board welcomes your ideas to improve the way General Motors Fleet does business with you. Please submit your ideas via e-mail to the CSB member nearest your location. Your questions and concerns will be sent directly to GM. For general fleet questions, please call the General Motors Fleet Action Centre at 1-800-FleetOp (1-800-353-3867).

BUSINESS CHOICE OFFERS

FLEXIBLE SOLUTIONS FOR YOUR BUSINESS

2018 U.S. models shown with optional equipment.

With the GM Business Choice program, you'll have access to options that help offset the cost of getting your new Chevrolet or GMC vehicle work-ready. Upgrade your vehicle¹ with Adrian Steel^{®†} exclusively designed load runner, racks and toolbox ... or add your own accessories using one of the program's four options:

2018

BUSINESS CHOICE OFFERS

OPTION 1		OPTION 2		OPTION 3		OPTION 4
WORK-READY EQUIPMENT: CARGO SOLUTIONS BY ADRIAN STEEL [†] — Up to \$2,692 ² for VANS — Up to \$1,974 ² for Silverado & Sierra	OR	COMMERCIAL UPFIT CASH CREDIT: UP TO \$700 UPFIT CASH ²	OR	UP TO \$750 IN DEALER ACCESSORIES CASH ²	OR	\$500 CASH INCENTIVE ²

For program details, visit gmbusinesschoice.ca

[†] Adrian Steel is a registered trademark of Adrian Steel. Four distinct options available. One per vehicle may be selected.

1 IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES: Installations or alterations to the original-equipment vehicle or chassis as distributed by General Motors are not covered by the General Motors New-Vehicle Limited Warranty. The special body company, assembler, equipment installer, or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems, or assemblies installed by GM. GM is not responsible for the safety or quality of design, features, materials, or workmanship of any alterations by such suppliers.

2 Value of equipment depends on upfit package selected. Customer may choose only one of the four available options per eligible vehicle. All incentive packages are tax inclusive and include parts and labour. Business Choice program valid toward the purchase or lease of eligible new GM vehicles in Canada for eligible companies with an active FAN or business number. See Dealer for full program details and eligibility. Contact your local Dealer for details on all 4 Business Choice options. This offer expires December 31, 2018. Not valid with all offers. ABOUT THIS GUIDE

THIS MATERIAL IS NOT LEGALLY APPROVED FOR USE IN ANY ADVERTISING

We have tried to make this guide comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colours, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this guide and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings, prototypes and laboratory tests.

Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of release, please check with your GM Dealer for complete details. Competitive comparison claims are based on most current competitive information. GM reserves the right to lengthen or shorten the model year for any product for any reason, or to start and end model years at different times.

The vehicles described in this guide are equipped with engine and components produced and assembled by different operating units of General Motors, its subsidiaries and suppliers, and these engines and components may change or be obtained from different sources from time to time. All such engines and components are approved for use in GM vehicles. Certain equipment ordered may be unavailable at the time of assembly. Some of the equipment shown or described throughout this guide may be available at extra cost, and/or supplied by an independent supplier.

See your local General Motors Fleet Account Manager or Dealer Fleet/Commercial Sales Manager, or go to fleet.gm.ca for up-to-date information.

AN IMPORTANT NOTE ABOUT ALTERATIONS AND WARRANTIES

Installations or alterations to the original equipment vehicle (or chassis) as distributed by General Motors are not covered by the General Motors New Vehicle Limited Warranty. The special body company, assembler, equipment installer or upfitter is solely responsible for warranties on the body or equipment and any alterations (or any effect of the alterations) to any of the parts, components, systems or assemblies installed by GM. General Motors is not responsible for the safety or quality of design features, materials, or workmanship of any alterations by such suppliers.
